Room for everyone.

Settle into the Ford Tourneo Custom's roomy and luxurious interior and you'll enjoy the very latest in executive travel. Great to sit in and great to drive, it can accommodate up to nine people* in superb comfort. Or, thanks to its flexible seating configurations, be turned into one of the most spacious and well-appointed vehicles on the road, with plenty of extra room for bags and equipment.

*Available with a choice of eight or nine seats, including the driver.
Model shown is a Ford Tourneo Custom (L2) Titanium in Tectonic Silver exclusive paint (option) with rear mudflaps (option).

The Tourneo Custom range.

People carriers don't come more versatile than the sensational Tourneo Custom. Choose from the L1 with ample space for up to nine people; the L2 with its increased rear luggage space; the Tourneo Custom Shuttle Bus L2 featuring Direct Access Seats; or the new Executive Seat Packs offering individual seats on floor-mounted rails. Whichever model you favour, you'll find its adaptable interior can be easily tailored to suit your business or family transport needs.

A welcome you can feel.

When it comes to comfort and well-being, Ford Tourneo Custom excels, offering the style and quality of a luxury saloon along with the versatility and interior space of a people mover, with seating for up to nine occupants. A wealth of thoughtful equipment provides even greater levels of refinement. The driver's seat and steering column are fully adjustable so you can find your ideal driving position, while your passengers can relax with options such as rear compartment air conditioning, reclining seat backs and leather trim.

Tourneo Custom L1.

Tourneo Custom 8-9 seats L1.

Tourneo Custom 8-9 seats L2.

Tourneo Custom L2.

Take a seat in premium class

Whatever you're carrying, from passengers and luggage to the unexpected, Tourneo Custom is versatile enough to find space for them all. Use all the seats to accommodate occupants in luxurious comfort. Or fold, tumble or stow the rear seats in more than 30 different ways to create limousine-like space or to maximise the luggage area, without leaving any seats behind.

Should you need even more room, the rear seats can be removed completely to leave a large and versatile space for whatever you need to carry.

Tourneo Custom Shuttle Bus

With a focus on passenger comfort, the new Tourneo Custom Shuttle Bus L2 offers generous space in each of its four rows of Direct Access Seats. Rear seats are easily reached from the kerb-side sliding side door. Available on all series, plus a full leather option, it's the ideal way to maximise passenger comfort and mobility over luggage space.

Tourneo Custom Shuttle Bus 9 seats L2.

An added air of comfort.

Wherever you sit in the Tourneo Custom you can be sure of an exceptionally comfortable ride. A separate air conditioning system is available for the rear passenger compartment, featuring its own rotary controls. (Standard on Titanium and Sport, option on Zetec) While a new rear air suspension system adjusts to maintain a constant ride height, regardless of the loading conditions. This means that rear seat passengers will enjoy smoother, more consistent ride comfort, whether they are travelling alone or with friends. (Option on Zetec and Titanium).

SelectShift automatic transmission

Tourneo Custom's six-speed SelectShift automatic transmission delivers a smooth, relaxing driving experience, especially in busy stop-start traffic. The transmission allows you to change gear manually if you prefer, using the facia-mounted gearshift. And provides the ability to lockout gears in more challenging driving conditions, e.g. on slippery surfaces or steep gradients. (Option on 130 PS and 170 PS models)

Model shown is a Tourneo Custom Zetec.

A great place to be together.

For an even more flexible travel experience, Tourneo Custom can now be supplied with a choice of two highly versatile rail-mounted seating systems. This luxurious option lets you tailor the seating layout even further.

The individual rear seats can be moved along the rails and locked easily into position for a wide variety of seating positions. The seats can be removed and you have the option to fix them into forward or rearward facing positions. A rail-mounted table is also available for added convenience.

Luxurious individual seats and a rail-mounted table let passengers appreciate the amount of space the Tourneo Custom has to offer. All seats come with standard ISOFIX fixing points. (Option)

Executive Seat Pack 1

Individual seat configuration for all passengers. Features two rows of single rear seats rail-mounted on a multifunctional load floor, includes an 8-way adjustable and heated single front passenger seat. (Option on Zetec)

Executive Seat Pack 2

Leather-trimmed individual seat configuration for all passengers, featuring two rows of single rear seats, plus table, rail-mounted on a multifunctional load floor. Includes a 10-way adjustable and heated driver's seat and 8 way adjustable single front passenger seat. (Option on Titanium)

Model shown left is a Tourneo Custom Titanium with Executive Seat Pack 2 with Medium Stone leather trim.

Model shown far left is a Tourneo Custom Zetec with Executive Seat Pack 1 with Charcoal trim.

Model shown opposite is a Tourneo Custom Titanium with Executive Seat Pack 2 with Medium Stone leather trim.

Space for everything.

Tourneo Custom is the definitive Smart People Mover. Wide-opening sliding side doors and a large glazed tailgate offer easy access to the elegant and accommodating interior. While a host of thoughtful features, including convenient running boards and a range of useful stowage areas, provide even greater levels of space and versatility.

Sliding doors and running boards

Running boards fitted below the two sliding doors make getting in and out even easier, while enhancing Tourneo Custom's luxurious style. (Standard)

Privacy glass and rear window blinds

Integrated sunblinds can be easily raised to shield rear occupants from bright sunlight. Privacy glass adds a further level of screening and sophistication. (Sunblinds only fitted to 2nd row on L1 models; Option on Zetec, standard on Titanium)

ISOFIX child seat fixing points

For enhanced passenger safety, ISOFIX child seat attachments points are fitted on the centre and driver's side of the second row, and the centre seat of the third row. (Standard)

Integrated roof rack

Tourneo Custom is available with an ingenious roof rack system that folds away flat when not in use to improve fuel economy and reduce wind noise versus conventional roof racks. Capable of carrying loads of up to 130 kg, the roof rack features a load stop and integrated T-slots that are compatible with standard roof rack accessories to maximise its capability and usability. (Option)

230 V (150 W) power converter

Operate or charge your favourite devices without the need for special adaptors. Simply plug in as you would at home. (Option)

When there's no time to think, Tourneo Custom's already reacted.

Using radar and a camera, **Pre-Collision Assist**[®] keeps a watchful eye on the road ahead. The system is designed to detect other vehicles and can alert you to a potential collision. If you don't respond to the system's warning signals, **Active Braking**[®] pre-charges the braking system and can automatically apply the brakes to help avoid or reduce the effect of any impact. (Option as part of a pack)

Set your desired speed and **Adaptive Cruise Control**[®] maintains a pre-set distance from the vehicle in front. If the sensors detect traffic slowing ahead, your vehicle automatically slows down. When traffic has cleared, your vehicle accelerates back to cruising speed. (Option as part of a pack)

Lane-Keeping Alert[®] can recognise when you approach lane markings without using the indicator and alert you with vibrations through the steering wheel. (Option or as part of a pack)

[®]Uses sensors.

Model shown is a Ford Tourneo Custom (L1) Titanium in Tectonic Silver exclusive paint (option). Integrated roof rack (option) with Thule[®] + ski carrier Deluxe 727. (Accessory)

+Item covered by third party supplier's warranty, please see page 46 for details.

Loaded with smart ideas.

Traffic Sign Recognition[®] is designed to automatically read standard format road-speed signs and display the posted speed limit in the instrument cluster. (Standard with Adaptive Cruise Control)

Driver Alert^{®2)} is designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by a warning chime if driving alertness further declines. (Standard with Lane-Keeping Alert²⁾)

Tourneo Custom's **cruise control²⁾** makes even the longest drive a relaxed affair. Simply set your desired speed and the system will maintain the pace until it's deactivated via a button on the steering wheel or by pressing the clutch or brake pedal. (Standard)

Adjustable Speed Limiter²⁾ lets you set a maximum speed anywhere between 15mph and 70mph, and prevents you from inadvertently accelerating above your desired speed. (Standard)

[®]Uses sensors.

²⁾Driver assistance feature.

| SYNC

Smart technology to help you stay in control.

A full line-up of advanced safety and driver assistance features make use of the latest technology to protect you, your passengers and your belongings.

Traction Control¹⁾

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction. (Standard)

Electronic Stability Control (ESC)²⁾

Designed to help you maintain control in extreme driving conditions. It senses when the vehicle deviates from your chosen line and aims to keep you on track by automatically regulating braking and engine output. (Standard)

Impressive towing ability

With up to 2,240 kg maximum towing capacity, Tourneo Custom offers impressive pulling power along with a range of safety features to help keep you and your trailer secure. (Commercial users may require a digital tachograph)

Trailer Sway Control¹⁾

Designed to detect when trailer sway occurs and to help counteract it to bring the trailer under control. (Standard, but activated with optional Ford trailer tow attachments)

Hill Start Assist²⁾

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing or when on an incline. (Standard)

Side Wind Stabilisation²⁾

Helps the driver to stay in lane in strong, gusty conditions by using the ESC system to sense when the vehicle is being affected by crosswinds. (Standard)

Emergency Brake Assist²⁾

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power. (Standard)

Roll Stability Control²⁾

Ford's unique roll-rate sensor helps the Roll Stability Control system to keep the tyres grounded under conditions of high centre of gravity and when driving through off-camber turns. (Standard)

²⁾Uses sensors.

^{*}Operates at speeds over 40 mph on multi-lane roads with clearly visible lane markings.

¹⁾Safety feature.

²⁾Driver assistance feature.

Engines that work for you.

Ford Tourneo Custom's all-new 2.0-litre Ford EcoBlue is a completely new generation of advanced, high-performance diesel engines. More powerful, cleaner, refined and extremely efficient with low running costs[†], Ford EcoBlue diesels build on the industry-leading performance and technology of our award-winning Ford EcoBoost petrol engines.

Key benefits include

- Fuel consumption and CO₂ emissions reduced by up to 13 per cent[†]
- Improved performance with low-rpm torque increased by 20 per cent[†]
- Computer-optimised engine design for minimum noise and vibration
- Lower nitrogen oxide (NO_x) emissions in line with Euro6 standards

New from the ground up, the all-new Ford EcoBlue diesel engine enhances fuel efficiency by up to 7 per cent compared with the previous 2.2-litre TDCi engine, with fuel consumption from 44.8 mpg* (6.1 L/100 km) and CO₂ emissions from 162 g/km*, while delivering significant improvements in low-rpm torque for enhanced driveability.

Each engine in the range – 105 PS, 130 PS and 170 PS – uses state-of-the-art design, including low friction technologies, ultra-high pressure fuel injection and the latest turbocharger and combustion technology to deliver low NO_x emissions in line with Euro6 standards. What's more, the new engine also benefits from up to 2-year/36,000 mile (whichever comes first) variable service intervals to further reduce the cost of ownership.

[†]Comparison made to the previous 2.2L Duratorq TDCi EU Stage 5 engine for the prior model.

*NEDC test figures, see Fuel and Performance section for more information

**55%
less NO_x
than the
previous
standard.**

Greater performance, fewer emissions[†].

Tourneo Custom's all-new 2.0 litre Ford EcoBlue diesel engines comply with the Euro6 emissions standard, which specify a 55% reduction in nitrogen oxide (NO_x) emissions versus the Euro5 emissions standard. A Selective Catalytic Reduction (SCR) system uses AdBlue®, a urea/water-based fluid to convert NO_x emissions in the exhaust gas into nitrogen and water. A particulate filter then reduces more than 99% of solid particulates from the vehicle's exhaust.

Choose the engine that's right for you.

More torque.
More pulling power†.

With more peak power and torque, and up to 20% more low-end torque than the equivalent prior-generation engine†, each of the 2.0-litre Ford EcoBlue engines provides excellent performance, both in terms of fuel economy and flexibility. A choice of three power and torque outputs means there's an engine to suit the demands of every job.

†Comparison made to the previous 2.2L Duratorq TDCi EU Stage 5 engine for the prior model.

More efficient†

**All-new Ford EcoBlue
2.0L TDCi 105 PS (77 kW)**

Engineered to meet Euro6 emissions standards, Tourneo Custom's all-new Ford EcoBlue TDCi 105 PS (77 kW)/360 Nm diesel engine combines outstanding fuel efficiency (from as low as 44.8 mpg* (6.1L/100 km*) combined) with excellent driveability and refinement. Its state-of-the-art design helps to keep running costs down without compromising on performance.

*NEDC test figures.

More flexible†

**All-new Ford EcoBlue
2.0L TDCi 130 PS (96 kW)**

The all-new Ford EcoBlue 130 PS (96 kW)/385 Nm Euro6 engine strikes a performance balance. It delivers the extra power and torque necessary to enhance Gross Train Mass (GTM) and braked trailer plate without compromising emissions.

More powerful†

**All-new Ford EcoBlue
2.0L TDCi 170 PS (125 kW)**

The outstanding all-new Ford EcoBlue 170 PS (125 kW) Euro6 engine develops an extraordinary 405 Nm of torque, delivering responsive, luxurious power and is the ideal choice if regularly towing while delivering outstanding fuel economy.

105 PS (77 kW) all-new 2.0L Ford EcoBlue

130 PS (96 kW) all-new 2.0L Ford EcoBlue

Model shown is a Tourneo Custom Zetec L1 in Moondust Silver premium body colour.
(Option)

Zetec

Key exterior features

- 16" steel wheels with full wheel covers
- Projector-style headlights with integral cornering lights, day running lights with courtesy delay and front fog lights
- Body colour front bumper with chrome grille highlight
- Power-foldable heated door mirrors with blind spot eliminator and integrated side indicator
- Quickclear heated windscreen
- Twin side load doors with steps and running boards
- Glazed rear liftgate with transmission linked wash/wipe
- Remote control central double locking with two key fobs
- Rear privacy glass with flip open second row windows
- Automatic headlights and front wipers
- Front and rear parking sensors

Key interior features

- Ford SYNC radio/CD system (includes Emergency Assistance*) with Bluetooth®, Voice Control, AppLink, audible text messaging and privacy mode, 4" TFT multi-functional display
- USB connectivity port, audio streaming, steering wheel remote audio controls, four front and six rear speakers
- Leather-trimmed steering wheel
- Cruise control with adjustable Speed Limiter
- Front air conditioning with pollen filter
- Carpet floor covering in passenger and luggage compartment
- Lockable glove box
- Auto-Start-Stop
- Trip Computer
- Electrically operated front windows with one-shot up/down on driver's side
- Rear courtesy lights with theatre-style dimming
- Side door step courtesy lights

- Driver and front passenger heated seats
- Driver's airbag, front passenger's⁹ airbag, front seat side thorax airbags and side curtain airbags

Option pack available:

Premium Visibility Pack with Adaptive Cruise Control

Includes: Traffic Sign Recognition, Pre-Collision Assist with Auto Braking, Lane Keeping Alert with Driver Alert, Rear-View Camera with Trailer Hitch Assist and Auto High Beam Headlights.

Engines

- 2.0 TDCi 105 PS (77 kW)/360 Nm
- 2.0 TDCi 130 PS (96 kW)/385 Nm

*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

⁹Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats.

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

- Unique 17" 10-spoke bright machined black alloy wheels with locking wheel nuts

Key interior features, in addition to Titanium

- Partial leather seat trim
- Driver's power 10-way seat adjust

Option pack available:

Visibility Pack Premium

- Lane-Keeping Alert with Driver Alert
- Rear-view camera with Trailer Hitch Assist
- Auto High Beam
- High series instrument cluster

Engine

- 170 PS (125 kW)/405 Nm

We chose Tectonic Silver. Which one will you choose?

The new Tourneo Custom owes its beautiful and durable exterior to a thorough multi-stage painting process. From the wax-injected steel body sections to the hard-wearing top coat, new materials and application processes ensure it will retain its good looks for many years to come.

Note The images used are to illustrate body colours only and may not reflect the vehicle described. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

*Premium body colours, exclusive body colours and leather trim are options, at extra cost.

Allergy-friendly interior

Ford Tourneo Custom's interior uses materials that minimise the risk of an allergic reaction. Models fitted with air conditioning also have a high-performance pollen filter to prevent dust and pollen entering the passenger compartment.

First-in-class 5-star Euro NCAP rating

Safety without compromise

Ford Tourneo Custom is officially one of the safest vehicles on the road. It was awarded the maximum 5-star overall safety rating from Euro NCAP. In addition, the Tourneo Custom received two Euro NCAP Advanced Rewards in recognition of its Lane-Keeping Alert technology and SYNC Emergency Assistance system.

Stop safer

Tourneo Custom makes driver and passenger protection its top priority. Standard safety features include ABS with Emergency Brake Assist (EBA) to help reduce emergency stopping distances. Larger brake pads last longer and are more resistant to brake fade, while wear sensors indicate when pads are due for replacement.

● = Standard, ○ = Option, at extra cost. ¹ Safety feature. ² Driver assistance feature. *For details of the configurations available, please consult your Ford Dealer. Please note: Configurable locking must be defined at the time of order, it cannot be ordered as a Dealer-fitted option or accessory.			

4,500 virtual and real-world crash tests

Smarter engineering for greater peace of mind

With 4,500 crash tests to its name – in both the real and virtual worlds – the all-new Tourneo Custom is designed to keep its occupants as safe as possible. Outstanding protection begins in the stiff body structure, with increased levels of high-strength and ultra-high-strength steel. And is complemented by a range of safety innovations, including a full array of airbags, plus advanced chassis and braking technology.

Side curtain airbags¹

Designed to help protect the driver’s and passengers’ heads from injury. (Standard)

Voice-controlled system

Select music or make calls with Ford SYNC – all hands-free using simple voice commands.

*Compatible mobile phone required. You can browse a list of Applink-compatible apps from your regional Ford website, or via the Ford App Catalog available in iOS and Android stores. SYNC Applink and Emergency Assistance are not supported by all European languages.
Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Bluetooth® audio streaming

Stream your music collection from your mobile phone or other compatible device to the vehicle’s audio system. (Part of Ford SYNC audio)

Emergency Assistance*

Innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre (in more than 40 European countries and regions), following a vehicle crash event involving an airbag deployment or fuel pump shut off. (Part of Ford SYNC)

Hands-free phone control

Part of Ford SYNC.

SYNC Applink*

Control your favourite mobile apps from your supported smartphone using voice commands and buttons on the steering wheel. (Compatible mobile phone required)

Navigation

3D map stored on SD card can also show points of interest on a 5” TFT colour screen. Also includes traffic announcements. (Option)

Interior features

	Zetec	Titanium	Sport
Design features			
Floor covering – Carpet	●	●	●
Steering wheel – 4-spoke, leather-trimmed	●	●	●

Front passenger's seat – Dual, fixed and heated (outer seat only) with tray table	○	○	–

● = Standard, ○ = Option, at extra cost. □ = Part of a pack, at extra cost.
*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The Bluetooth® wordmark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. Other trademarks and trade names are those of their respective owners. *Ford Emergency Assistance operates in over 40 European countries. This feature is designed to work when paired with a compatible connected mobile phone that is with you when an airbag is deployed or a sensor registers that a crash deactivates the fuel pump. See your local Ford website for latest information.

Power-operated and heated driver's seat

With 10 ways to adjust the heated driver's seat, you can find your most comfortable driving position with ease. (Option on Titanium, standard on Sport)

Rear-view camera with Trailer Hitch Assist

Select reverse and the image from the rear-view camera displays automatically in the central colour Multi-Functional Display screen. Marker lines overlaid on the camera image indicate where the vehicle is heading. (Option)

Interior features

	Zetec	Titanium	Sport
Rear seats – Second row, triple wide seats (2+1), foldable and detachable	●	●	●
Rear seats – Third row, triple wide seats (2+1), foldable and detachable	●	●	●
Rear seat recline and second row armrests	●	●	●
Shuttle Bus Seat Pack (2+2+2+3) - Four rows of Direct Access Seats. Rear seats are easily reached from the kerb-side sliding side door. Available in cloth or leather (leather on Titanium only) (only available with single front passenger seat) Shuttle Bus Pack 1 (2+2+3) (only available with single passenger 's seat. Total 9 seats inc. driver)	○	○	-
Executive Seat Pack 1 (2+2+2) – Flex floor, 4-way manual driver's and passenger's seat adjustment, no seat back trays, driver's and passenger's inboard armrests, driver's manual lumbar adjust (only available with single front passenger seat. Total 6 seats inc. driver)	○	-	-
Executive Seat Pack 2 (2+2+2) – Flex floor and table, full leather seat trim, 10-way power driver's seat adjustment and 8-way manual passenger's seat adjustment, driver's and passenger's inboard armrests, driver's and passenger's manual lumbar adjust (only available with single front passenger seat. Total 9 seats inc. driver)	-	○	-

● = Standard, ○ = Option, at extra cost. □ = Part of a pack, at extra cost.

L1 = Short wheelbase. **L2** = Long wheelbase. The illustrated axle ratio shown is one available dependent upon model, GVM and engine combination. ***Gross Payload** = Gross vehicle mass, less kerb mass. **GVM** = Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and crew. Kerb mass is affected by many factors such as bodystyles, engines and options of a standard specification Zetec series unless stated otherwise. Different series will have different kerb masses, including fluids and fuel tank 90% full, and without the driver (75kg), crew or cargo. Payload within this guide is the difference between gross vehicle mass (GVM) and kerb mass. It must be noted that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load vehicle close to maximum payload, we suggest you also add a margin for error of 5% of Kerb Mass to the Kerb Mass figure before calculation, to reduce risk of overloading. **NB:** It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use. (a) Max braked trailer mass is dependent on chosen engine power and dependent on the additional options/equipment selected. **GTM** = Gross train mass. The total permissible all-up weight of a rigid vehicle (see GVM) together with its trailer and load. **NB:** Vehicles specified with optional Rear Air Suspension are not suitable for towing and have a zero rated max trailer weight. ***Max trailer weight will need to be reduced if maximum payload is to be achieved so as not to exceed maximum GTM**

Fuel Economy and CO₂ Emissions

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Axle ratio [®]	CO ₂ emissions (g/km) [®]	Fuel consumption in L/100 km/mpg [®]		
			Urban	Extra Urban	Combined
Tourneo Custom (M1)					
2.0 TDCi Ford EcoBlue (105 PS (77 kW))	4.19	162	7.1/39.8	5.8/48.7	6.3/44.8
2.0 TDCi Ford EcoBlue (130 PS (96 kW))	4.19	162	7.1/39.8	5.8/48.7	6.3/44.8
2.0 TDCi Ford EcoBlue (170 PS (125 kW))	4.19	166-168	7.2-7.3/39.2-38.7	6.0-6.1/47.1-46.3	6.4-6.5/44.1-43.5
2.0 TDCi Ford EcoBlue (130 PS (96 kW)/170 PS (125 kW)) (with automatic transmission)	3.65	181-183	7.0-7.6/37.2-36.7	6.4-6.5/44.1-43.5	7.0-7.1/40.4-39.8

[®]The illustrated axle ratio shown is the one available dependent upon model, GVM payload and engine/transmission combination. [®]The declared fuel/energy consumptions and CO₂ emissions are measured according to the technical requirements and specifications of European Regulation (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions may be specified for a vehicle variant and not for a single vehicle. The applied standard test procedure enables a comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle; driving behaviour as well as other non-technical factors are very important in determining a vehicle's fuel/energy consumption and CO₂ emissions.

Ford ECONetic Technology

- All-new Ford Ecoblue advanced diesel engines – provide exceptional fuel economy and low CO₂ emissions
- Ford Auto–Start–Stop system
- Ford Smart Regenerative Charging
- Ford Eco Mode driver information system – shows you when you're achieving optimum fuel efficiency
- Gear Shift Indicator – to aid economical driving
- Acceleration Control - unique engine calibration helps reduce fuel consumption when vehicle is driven empty(option)
- Ford Battery Management System – improves battery life, fuel consumption and ensures ready-to-go reliability

Added flexibility

Engine undershield

Tough corrosion-resistant metal undershield protects engine from accidental stone and kerb damage. Easily removed for oil changes and routine servicing. (Option and accessory)

Bosch®+ reverse warning device

Linked to reverse gear. Provides an audible warning when the vehicle is reversing. (Accessory)

ClimAir® wind deflector+

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the windows down, even during light rain, and whilst on the move. Available for front windows only. (Accessory)

Brink®+ detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 2,200 kg* depending on engine and series. The tow bar can be detached if not in use. Also available as a fixed tow bar. (Detachable tow bar accessory only)

Thule®+ roof bike carrier

High-quality, easy-to-install roof bike carrier from leading manufacturer Thule®. (Accessory)

Thule®+ roof box

Designed to carry a wide variety of loads and protect them from weather and theft. Most models come with dual-opening for easy access. (Accessory, available in various sizes)

Rubber floor mats

Rubber floor mats, or all weather mats as they are also known, are tailor-made to fit your vehicle perfectly. The heavy-duty synthetic rubberised material protects the interior of your vehicle from mud and dirt. (Accessory)

+Item covered by third party supplier’s warranty, please see back cover for details.
Towing capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.

Finance:

Finance subject to status. Guarantee/indemnities may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Park, Lodge Causeway, Fishponds, Bristol, BS16 3JA. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority in respect of general insurance products.

Choose

Specify your new car right down to the wheels, audio, options and accessories then visit your Ford dealer.

You can specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles. And a tally of your choices and their prices helps you keep to your budget. Visit www.ford.co.uk/ConfigureyourCar

Finance

When it comes to financing your car, our size and expertise means we’re well placed to provide you with a wide range of finance products.

Ford Credit provides a range of finance products for your car whether you are a private or business user.

Ford Lease specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit www.ford.co.uk

Drive

When you drive away in your new car, we’re with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

L1 = Short Wheelbase. **L2** = Long Wheelbase. All dimensions (shown in mm) are subject to manufacturing tolerances and refer to minimum specification models and do not include additional equipment. These illustrations are for guidance only.
*Height dimensions show the range from minimum to maximum of a fully laden, lowest payload vehicle to unladen highest payload vehicle.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. ♦The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
