

Ford

C-MAX + GRAND C-MAX

Go Further

Choose the right C-MAX for you

With all C-MAX series available in both the C-MAX 5-seat and the Grand C-MAX 7-seat model options – there is a Ford C-MAX to suit you, whatever your lifestyle priorities.

Zetec

C-MAX collection

C-MAX's elegantly crafted design inside and out, impressive integrated technologies, and superb range of engine choices, all contribute to the Ford C-MAX highly regarded status.

Titanium

Titanium X

Luxury collection

The luxury collection delivers superior levels of sophistication and comfort, with premium materials and an additional range of driver assistance technologies.

The fuel economy figures quoted are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like for like basis. Fuel consumption is directly affected by the length of the journey, number of passengers and amount of load carried, individual driving style, road and traffic conditions, weather conditions, vehicle age, mileage, condition and standard of maintenance, use of vehicle features such as air conditioning and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and for these reasons many drivers may not achieve the EU fuel economy figures in day to day driving although the vehicle is technically capable of doing so.

ØØThe declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk/>

*In 4th gear

^aRepresents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. Towing limits quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. Nose weight limit is a maximum of 75 kg on all models. Gross Train Mass includes trailer weight.

Powerful

2.0 Duratorq TDCi (150 PS)

The high-power 2.0 Duratorq TDCi engine gives you a 150 PS power output, for an even more spirited C-MAX performance.

Maximum Power PS
150

0-62 mph (secs)
9.5

CO₂ emissions
114 (g/km)

Low emissions

1.5 TDCi ECONetic

The C-MAX range combines low running costs with great driving dynamics – the 1.5-litre TDCi ECONetic diesel engine achieves 105 PS with only 99 g/km of CO₂ emissions Ø, while the 1.0 Ford Ecoboost 100 PS petrol engine is now a five times winner at the International Engine of the Year awards.

⁹⁰Figures relate to 1.5 TDCi ECONetic engine only.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
