¹⁾ The CO2 emissions test figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP).
²⁾ Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates.
³⁾ Not applicable to retail or private car buyers. BIK values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 25/26 tax year. P11D value is the sum of Recommended price + VAT & Number plate charge (£25)
⁴⁾ The battery capacity figure specified is the usable capacity determined by Ford and used to calculate the stated Puma performance and battery durability.

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £425) for five years after the end of the first registration (in addition to the standard VED charge per year).

For more information about any of the included Ford Accessories, or to view the full range of Ford Accessories visit www.ford-accessories.co.uk

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.

Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fitment of dealer-fit parts and accessories may have an impact on your vehicle's fuel / energy consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

EV Data

The fuel/energy consumption and CO2 emission figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) . These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures. You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator . The configurator provides information about your configured vehicle's fuel/energy consumption and CO2 emissions (these are also WLTP test figures).

1) The declared Fuel/Energy Consumption, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's energy consumption and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

2) The battery capacity figure specified is the usable capacity determined by Ford and used to deliver the stated performance and battery durability.

3) Calculated via peak performance of the electric motor(s) at peak battery power. Your results may vary.

4) Based on full charge. Estimated range using Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown are for comparability purposes and should only be compared with other vehicles tested to the same technical procedures. Actual range varies due to factors such as temperature, driving behaviour, route profile, vehicle maintenance, lithium-ion battery age and condition. WLTP Overall Range reflects a combined driving cycle and WLTP Extra High reflects motorway driving – both tests are conducted in controlled conditions with an ambient temperature of 23 degrees Celsius and no climate or electrical load.

5) Achieved using high power charging. Actual charge times and charging speeds will vary according to the type of home or public charging station used, as well as other factors (including weather, ambient temperature, driving behaviour, driving profile, vehicle condition, lithium-ion battery age, condition, and temperature).

Sales Category Code	1A	1B	1M	1N	1F	4C	AC	DP	DV	CO	FD	BP

Ford Protect Wear and Tear Plan

In addition to the the Ford Protect Service Plan you may choose to purchase a Ford Protect Wear And Tear Plan, which provides replacement or repair of the following part:

Brake Pads/shoes/discs; Shock absorbers; Wiper Blades (Front wiper blades max. once per year; rear wiper blades max. once every two years); Bulbs

Exclusions: Tyres; Interior trims; glass, seat covers; pads; frames; springs; headrests, seat belts; sheet metals, water ingress, body seals and aeralis. Bodywork and paint check and Air conditioning check

Ford Protect New Vehicle Extended Warranty

If you plan on keeping your car for longer than 3 years or are a high mileage driver you can extend your 3 year/60,000 mile base vehicle warranty to either 4 years/36,000 miles, 4 years/ 80,000 miles or 5 years/100,000 miles

Extended Warranty Features:

Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford

Helps protect against unexpected repair bills

All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts

Ford Protect New Vehicle Extended Warranty plans can be purchased any time up until the vehicle's first date of registration

Notes and Conditions

The length of your plan (and number of services) applies from your new vehicle warranty commencement date, usually the date of first registration

Time and mileage limits apply to Ford Protect Plans

It is a condition of Ford Protect Service Plans that your vehicle is serviced by an Authorised Ford Repairer according to the schedules in your Ford Service Portfolio

Subject to the terms and conditions of the Ford Protect Plans

These Ford Protect Plans are transferable so it is an added benefit to the new owner if you decide to sell your vehicle

The Extended Warranty packages do not impact the 8 year / 100,000 mile warranty on the New All-Electric Puma Gen-E's High-Voltage Battery and Components

Ask your Ford Dealer for full details of the Ford Protect Extended Warranty, Service Plan Plus and their associated Terms and Conditions or alternatively call Ford Protect on 03702 416726, Option 2, Option 2

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2025 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £425) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £195).

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates, tariffs, customs, Government incentives/grants or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road Prices and Recommended Retail Prices. Please contact your Ford Dealer for final sale prices. This price list is effective from **27th October 2025**, and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional, e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
