## Ford Pro Services

Ford Pro Service	Description	Cost	Additional Information
Software	<b>Ford Pro Telematics Essentials</b> Maximise fleet uptime through accessing key vehicle health data using a simple web-based dashboard: <b>Vehicle Health Alerts – Vehicle Data or User Generated</b> Connects vehicles to FORDLive (Connected Uptime System) Service, Maintenance & Repair Booking (direct with Ford Authorised Repairer network)	FREE	
	<b>Ford Pro Telematics</b> Maximise uptime, efficiency, reduce running costs and support the switch to EV's (Ford and non-Ford*): <b>Vehicle Health Alerts – Vehicle Data or User Generated</b> Connects vehicles to FORDLive (Connected Uptime System) Service, Maintenance & Repair Booking (direct with Ford Authorised Repairer network) Live Tracking with vehicle status Location & Trip History Fuel Insights Driver Behaviour & In-Vehicle Coaching Vehicle Security Driver App to support daily vehicle checks and report issues Logbook for expense reimbursement and tax compliance *Plug in Device required for non-Ford vehicles & older Ford vehicles; newer Ford vehicles use manufacturer grade data direct from vehicle embedded modem	£15.00 per month, per vehicle	Activate an account here: <a href="https://fleetaccount.ford.com/customer-signup">https://fleetaccount.ford.com/customer-signup</a>
	<b>Ford Pro E-Telematics</b> Additional functionality to support electric vehicles: Charging Insights Live Range Remote Preconditioning Scheduling Home Charging reimbursement	FREE for 12 months from warranty start date then £15.00 per month, per vehicle	E-Telematics is free for 12 months from warranty start date on E-Transit Courier. Create your Ford Fleet Marketplace Account and activate your 12 month E-Telematics free trial here: <a href="https://fleetaccount.ford.com/customer-signup">https://fleetaccount.ford.com/customer-signup</a>
	<b>Public Charge Management</b> Easy access to over 800,000 charge points across Europe. The BlueOval Charging Network (BOCN) is one of the largest aggregated charging networks in Europe. Includes: One monthly bill for easy fleet management of charging events Easy to start charge event RFID Fob Plug & Charge <b>In-Vehicle App – Ford Charge Assist</b> Fraud management	FREE for 12 months from warranty start date then £2.49 per month, per vehicle	Ford Pro Public Charge Management is free for 12 months from warranty start date on E-Transit Courier For any questions please email : <a href="mailto:evcharge@ford.com">evcharge@ford.com</a>
	<b>Connected Navigation</b> Cloud connected navigation helps customer to optimize their route and provide them key information throughout their journey : OTA Map updates Live Traffic Live Fuel prices Live Weather Parking Local hazard alerts indicates hazard type & distance of hazard	FREE 12 months from warranty start then £2.50 per month, per vehicle	Connected Nav is free on Transit Courier for 12 months, vehicle must be Nav capable For any questions please email : <a href="mailto:softwaresolutions@fordpro.com">softwaresolutions@fordpro.com</a>
Charging	<b>Ford Pro Charging</b> <b>Ford Pro Charging offers comprehensive home and depot charging solutions designed to maximise your vehicle's efficiency and minimise downtime.</b> Our robust hardware includes an accurate in built energy metre to support billing and energy reimbursement, and is backed by a 5-year warranty. Ford Pro Charging solutions include dedicated aftercare support, intelligent charge management software for optimal charging performance and scheduling capabilities.	Home Charger standard installation price £833 + VAT	Book your free charging consultation here: <a href="https://www.fordpro.co.uk/en-gb/charging/charging-demo/">https://www.fordpro.co.uk/en-gb/charging/charging-demo/</a> For any questions please email : <a href="mailto:evcharge@ford.com">evcharge@ford.com</a>
Service	<b>FORDLive</b> All new Ford Pro vehicles include FORDLive <sup>†</sup> , a complimentary connected uptime service which helps keep your vehicles operational and on the road. With FORDLive, eligible customers can maximise uptime by viewing vehicle health information through FordPass, Ford Telematics or Ford Telematics Essentials and in parallel our Transit Service Dealers can use the same smart information to more effectively support vehicle uptime. And we do not stop there. Ford uses connected vehicle health data to monitor vehicle health trends to look for and find ways to improve our products, helping to maximise uptime for our customers.	FREE	Activated from vehicle delivery for eligible customers and vehicles, FORDLive uses limited connected vehicle data. Automatic activation from delivery for eligible fleet/business customers on Transit Courier's purchased from 17/06/24. Excludes retail private owners, converted vehicles, government and blue light vehicles, and leasing companies with private operators. For further details please contact your nearest Ford Pro representative. FORDLive can be cancelled at any time.

<sup>†</sup>Excludes Transit Connect. Transit Connect, can be connected to FordLive via a Plug In Device.

<sup>1</sup> The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. The table shows the fuel consumption (WLTP) figures for each available engine on the Ford Transit Courier. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes. Only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

<sup>2</sup> These figures were obtained after the battery had been fully charged. The E-Transit Courier is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO2 and electric range figures. The electric range shown was achieved using the new (WLTP) test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO2 and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

## Dimensions

External	(mm)
Vehicle Length / Active Series	4337 / 4343
Body Width with mirrors	2076
Body Width with folded back mirrors	1876
Vehicle Height (Unladen) 15" wheels	1827
Vehicle Height (Unladen) 17" wheels	1850
Wheelbase	2692
Turning Circle (kerb to kerb)	10.7
Turning Circle (wall to wall)	11.1

Cargo	(mm)
Cargo Length at floor	1802
Cargo Length at belt height	1562
Cargo length with load-through bulkhead	2661
Load-through hatch aperture	370x345
Cargo Width (Maximum at floor)	1535
Rear door entry width	1235
Wheelhouse Width (at floor)	1220
Cargo Height (maximum)	1262
Cargo Height (at rear wheel centre)	1253
Side door entry width	528
Side door entry height	1069
Lift-over height 15" wheels (unladen with standard GVM)	583
Lift-over height 17" wheels (unladen with standard GVM)	601
Loadspace behind bulkhead	2.9 m <sup>3</sup>
Loadspace with load-through bulkhead	3.0 m <sup>3</sup>

Where / are included - this represents different option or series

Please note that these are approximate values and the dimensions may differ due to manufacturing tolerances

\*

Accessories Pricing Effective from 1st April 2025

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit [www.ford-accessories.co.uk](http://www.ford-accessories.co.uk)  
 \*This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.  
 Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

**EFFECTIVE DATE 1ST APRIL 2025**  
**'MANUFACTURERS RECOMMENDED ON THE ROAD' PRICES INCLUDE:**

**COMMERCIAL VEHICLES (EX VAT)**

CO <sub>2</sub> Emissions (g/km)*	Tax Band	Number Plates (Estimated) £	Government First Registration Fee £	First Year Vehicle Excise Duty (VED) (Petrol & RDE2 compliant Diesel) £	Delivery	Total £
	TC39	£20.83	£55.00	£345.00	£1,396.00	£1,816.83

**COMMERCIAL VEHICLES (INC VAT)**

CO <sub>2</sub> Emissions (g/km)*	Tax Band	Number Plates (Estimated) £	Government First Registration Fee £	First Year Vehicle Excise Duty (VED) (Petrol & RDE2 compliant Diesel) £	Delivery	Total £
	TC39	£25.00	£55.00	£345.00	£1,675.00	£2,100.00

**VEHICLE BENEFIT TAX**

Tax Year to 5th April	2021/22	2022/23	2023/24	2024/25	2025/26
Benefit in kind	£3,500	£3,600	£3,960	£3,960	£4,020

The chart above has been updated for vehicles registered from 1st April 2025.

\* 'On the road' price includes delivery to dealer, one year's Government excise duty (see below), DVLA first registration fee and an estimate for number plates. The delivery charge will be made on all vehicles for delivery to Dealer's premises. Where delivery is not made to the customer at the dealer's premises, a further charge may be made by the dealer.

The Vehicle Excise Duty (VED) charged on new passenger vehicles (M1) is based on their engine's CO<sub>2</sub> emissions\* (expressed in grammes per kilometre (g/km)). \*CO<sub>2</sub> emissions are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 2017/1151 as last amended.

The Vehicle Excise Duty (VED) charged on new commercial vehicles up to 3500 kg (N1) is a fixed rate of £345.

## OTHER PRICING CONSIDERATIONS

### Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

### VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

### Price Changes

This price list outlines Ford's Recommended On The Road prices and Recommended Retail prices. Please contact your Ford Dealer for final sale prices.

This price list is effective from 23rd April 2025, and supercedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to Ford's published prices.

## ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer.

Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
