Get your vehicle back on the road.

Your car's tyres take a real beating. They tackle all the hazards of day-to-day driving whether that's potholes, debris or damaged roads, and yet we rely on them to support the vehicle, its passengers and luggage to get us to our destination safely.

It's no surprise that many tyres are replaced prematurely due to damaged roads or punctures, not to mention the upset and expense caused by malicious damage. Modern cars require increasingly complex tyres which are costly to replace.

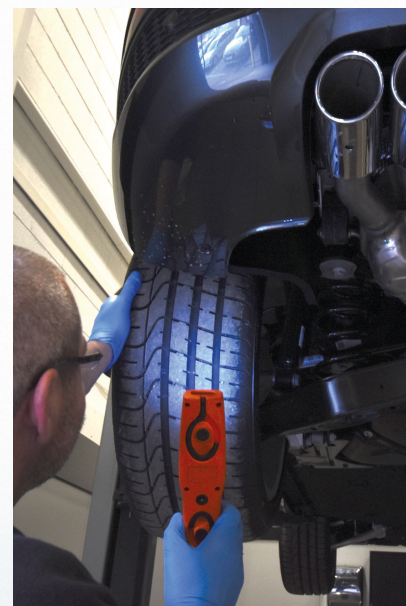

Ford Tyre Insurance offers a cost effective solution to protect against the cost of damage to tyres.

Reliable cover you can trust.

We will refund the cost to repair or replace tyres that have suffered accidental or malicious damage, or even just a simple puncture.

- ✓ Includes five tyres, including the spare
- ✓ Covers tyres for up to 36 months
- ✓ Cover available for both standard and run-flat tyres

How will Ford Tyre Insurance benefit me?

- ✓ No need to be without your car for days
- ✓ Protects against unexpected costs of replacement tyres
- ✓ Quick & convenient repairs
- ✓ Quality assured through Defaqto 5 star rating
- ✓ No excess to pay
