

CO₂ Data Definitions To Be Used From 1 April 2020

	CO ₂	MPG and TCO
<p>WLTP Combined</p> <p>WLTP Weighted Combined*</p>	<p>The CO₂ figure provided is based on static data provided by the manufacturer for the relevant base model of the vehicle and does not reflect (i) any additional or alternative options you have selected; or (ii) any updates to this figure that the manufacturer may publish prior to registration of the vehicle. If the CO₂ figure changes, the Benefit in Kind (BIK) tax and VED payable in respect of the vehicle may also change. All CO₂ figures and associated information (including BIK tax and VED) are provided for guidance purposes only and are subject to change.</p> <p>* WLTP Weighted Combined values relate to plug-in hybrids being driven with both the engine and battery together.</p>	<p>Any MPG and Total Cost of Ownership (“TCO”) information provided is based on static data provided by the manufacturer for the relevant base model of the vehicle and does not reflect (i) any additional or alternative options you have selected; or (ii) any updates to these figures that the manufacturer may publish prior to registration of the vehicle. All MPG and TCO information is provided for guidance purposes only and is subject to change.</p> <p>* WLTP Weighted Combined values relate to plug-in hybrids being driven with both the engine and battery together.</p>
<p>WLTP Combined Minimum</p> <p>WLTP Weighted Combined Minimum*</p>	<p>The CO₂ figure provided is based on static data provided by the manufacturer for the lightest and most economical version of the relevant model of the vehicle. Therefore the CO₂ figure represents the minimum it can be for this vehicle. It does not reflect (i) any additional or alternative options you have selected; or (ii) any updates to this figure that the manufacturer may publish prior to registration of the vehicle. If the CO₂ figure changes, the Benefit in Kind (BIK) tax and VED payable in respect of the vehicle may also change. All CO₂ and associated information (including Benefit in Kind tax and VED) is provided for guidance purposes only and is subject to change.</p> <p>* WLTP Weighted Combined Minimum values relate to plug-in hybrids being driven with both the engine and battery together.</p>	<p>Any MPG and Total Cost of Ownership (“TCO”) information provided is based on static data provided by the manufacturer for the lightest and most economical version of the relevant model of the vehicle and does not reflect (i) any additional or alternative options you have selected; or (ii) any updates to these figures that the manufacturer may publish prior to registration of the vehicle. All MPG and TCO information is provided for guidance purposes only and is subject to change.</p> <p>* WLTP Weighted Combined Minimum values relate to plug-in hybrids being driven with both the engine and battery together.</p>
<p>Predicted WLTP Value</p>	<p>The CO₂ figure is based on information received from the manufacturer or the dealer about the vehicle you have ordered and should reflect the options you have selected. However, the CO₂ figure may still be subject to change by the manufacturer prior to registration and we cannot accept any liability for any errors in the data. All CO₂ and associated information (including Benefit in Kind tax and VED) are provided for guidance purposes only and are subject to change.</p>	<p>The MPG and Total Cost of Ownership (“TCO”) information is based on information received from the manufacturer or the dealer about the vehicle you have ordered and should reflect the options you have selected. However, the MPG and TCO figures may still be subject to change by the manufacturer prior to registration and we cannot accept any liability for any errors in the data.
